

B.W. WELLS:

Tarheel Ecologist

educators workshops

2008 dates
 March 5th
 September 30
 9 A.M. TO 4 P.M. AT
 ROCK CLIFF FARM AT FALLS LAKE

This six hour workshop counts for:

NC Environmental Educator's certification program Component III hours.

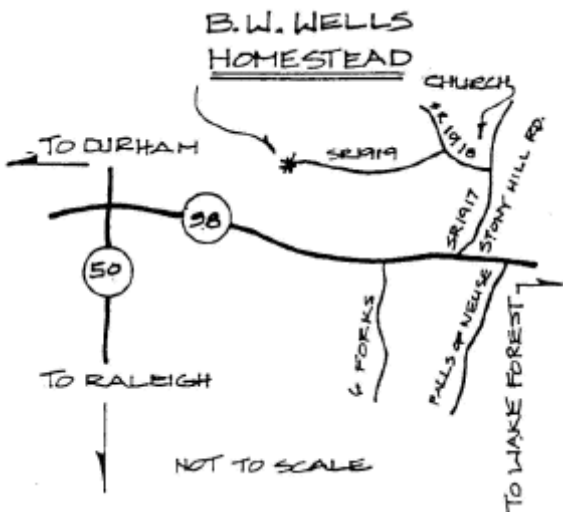

NC DPR AIT workshop category 1 or 2.

There is no charge for this workshop.

Participation is limited, sign up required.

Workshop Objectives

- Introduce participants to the life work and philosophy of B.W. Wells, **pioneer ecologist** in North Carolina.
- Experience the **diversity** of North Carolina through the eyes of B.W. Wells in ecological games and activities.
- Emulate B.W. Wells's credo of man living in **harmony** with nature by experiencing the connection through hands on activities.
- Learn about the history and **ecology** of Rock Cliff Farm at Falls Lake, and the beauty that Wells' sought from it.
- Appreciate the conservative nature of Wells', a true **champion** of nature.
- Admire B.W. for being one of North Carolina's first **environmental educators** who advocated teaching children about the natural world.
